To whom this may concern,

It is with great pleasure that I write this letter of recommendation for Chris Irving and CSI Renovations, LLC. I have known Chris Irving and his company for a few years, both in a professional setting and a personal setting. Chris takes great pride in the work that is done for clients through CSI Renovations. I have referred my clients to his company several times along with Farmers preferred, First Choice program.

Several times clients have called me back pleased with CSI Renovation's level of professionalism, work completed, ability to coordination with Farmers adjusters, work within the parameters of the claim dollars allot for project, handle any additional costs, and timeliness of work from start to completion. I think CSI Renovations would be an excellent addition to First Choice approved and preferred vendors list.

I recently had to submit a claim on my home for hail damage. Chris' company did an excellent job at coordinating the entire project. There were several areas of damage. Damage to windows, roof, fence, gutters, etc. The project was done in a timely manner. The project was completely stress-free, and seemed easy because of CSI Renovations' streamline processes. CSI's willingness to go the extra mile by working with the insurance company directly and using the same programs to match costs was just awesome. The service provided was excellent. Again, I would highly recommend CSI Renovations LLC to anyone in need of residential or commercial repairs.

Sincerely,

Andrew Fuller
