Dear Chris,

Last fall, your company contracted with our chamber to replace our leaky roof, paint the gutters, remove old wallpaper, re-plaster and paint various interior walls. The work all happened during the work day with minimum disruption. Your contractors were polite and the roofers especially were very efficient. The quality of the work was excellent. We ended up with another leak just recently, and one call to you and the contractors were back to fix the problem, almost immediately.

Thank you for taking such great care of our property and putting a new updated look on our chamber. We appreciate you and highly recommend CSI Roofing & Renovations.

Sincerely,

Belinda Alles  
Vice President
